

AnkleTough®

Recovery of injured ankles

Characteristics

Function

The AnkleTough® is everything you need in an at-home therapy tool to fulfill your goal of complete recovery of injured ankles.

It effectively strengthens the surrounding ankle muscles and tendons and it is also suited to unsupervised home use.

The AnkleTough® rehab system consists of four tension straps that are constructed of heavy-duty elastic and are cut and stitched to form two conjoined loops that easily fit over the shoe or bare foot.

The available resistances are: light (white), medium (yellow), strong (red) and tough (blue).

Technical specifications

Productgroup: Foot Therapy Products

Composition: Resistive tension straps

Product overview

Art.Nr	Description	Package	Weight Package	Dimensions L x W x H
99400	AnkleTough 4 Resistances	set / bag	0.9 kg	26,5 x 16 x 2 cm

Storage conditions

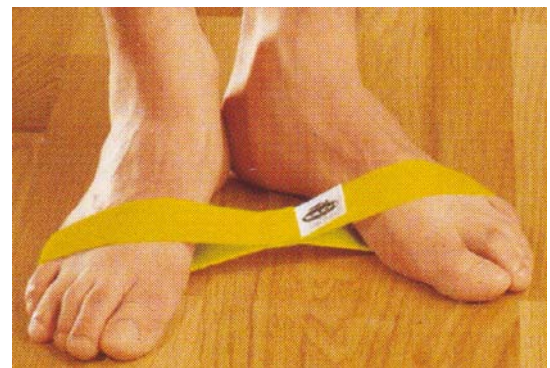

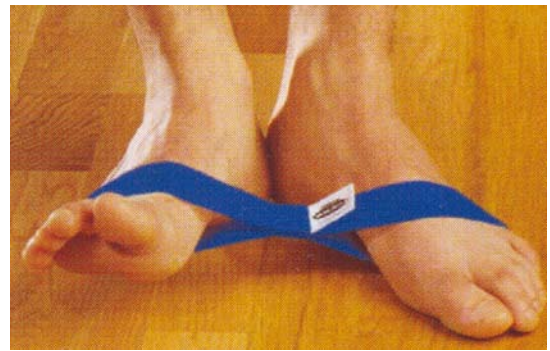

Duration of storage: No limitations
